

Here's all the chords we learned:

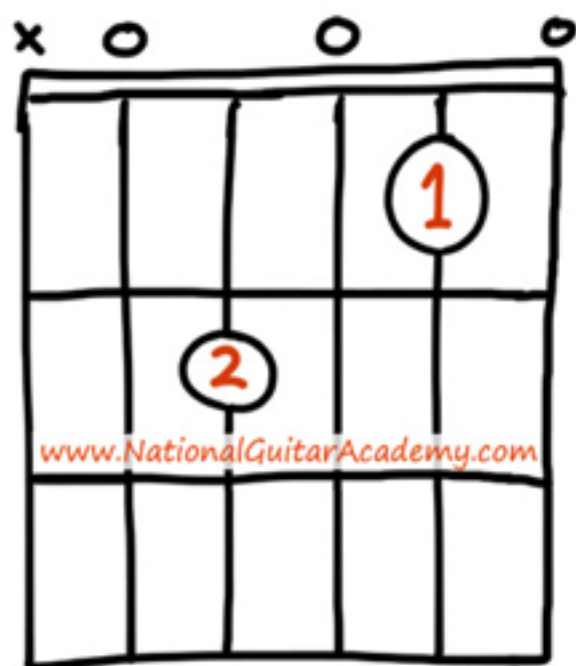

Em7

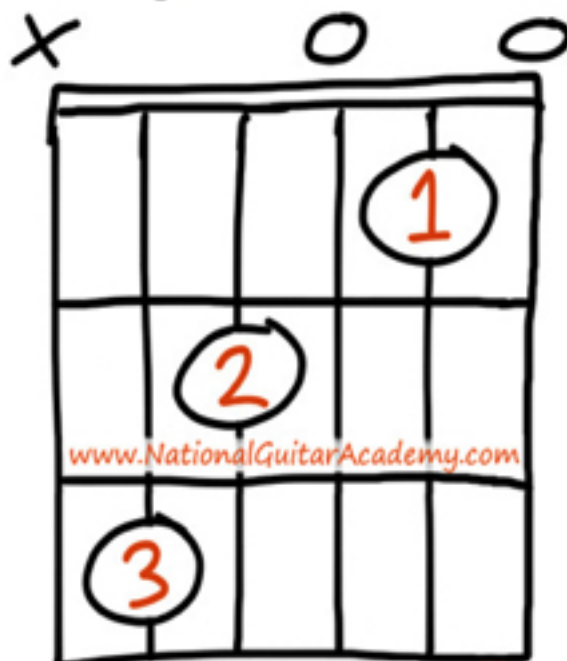

G6

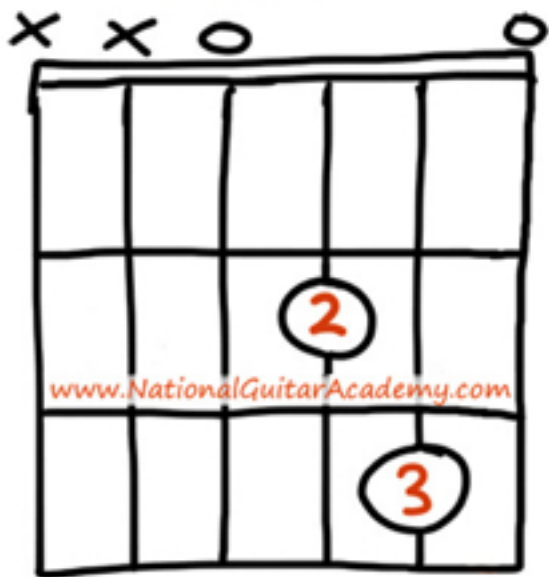

Am7

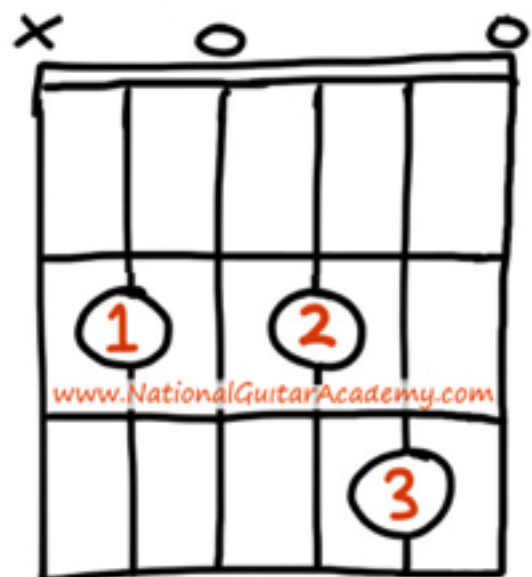

C

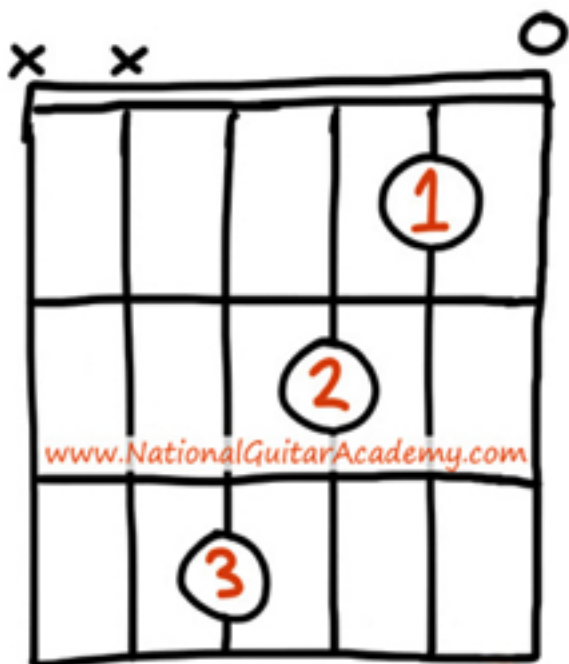

Dsus2

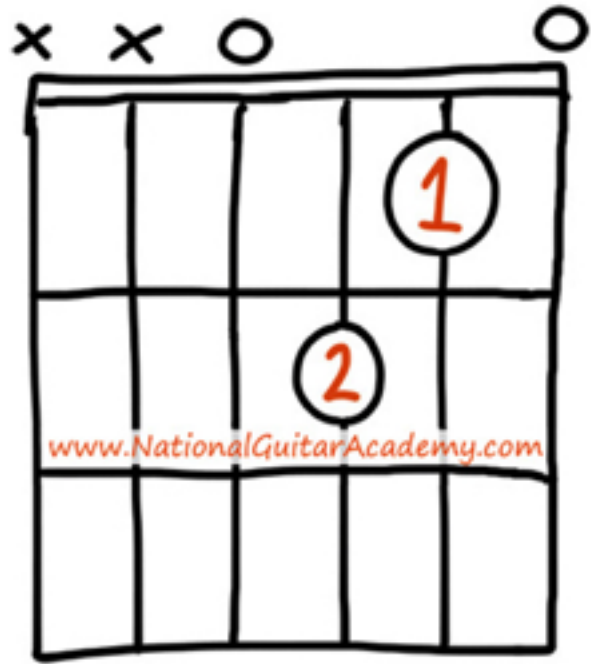

Bm1 1

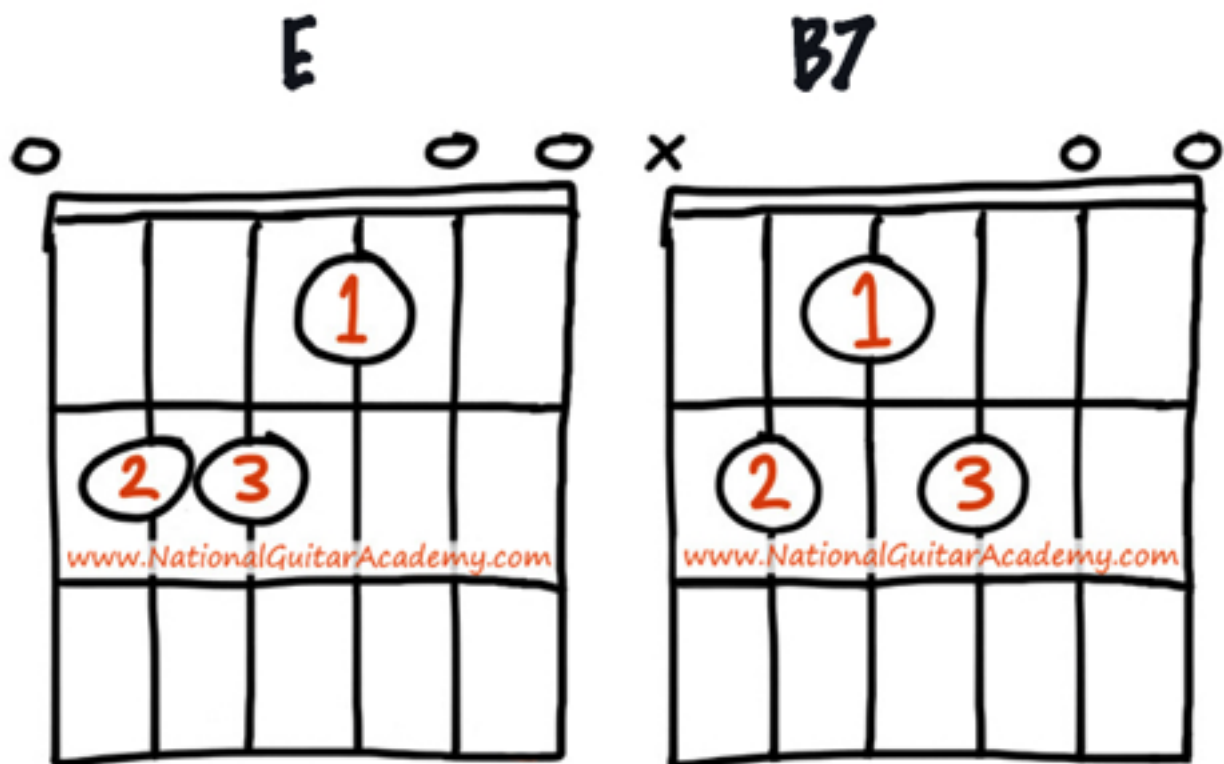

Fmaj7

Dsus9

And here's our top tips:

- * Take your time reading the chord diagrams and make sure your fingers are in the right places.
- * Use your fingertips, not your fingerprints.
- * Only strum the strings it says to strum.
- * Don't be put off by complicated sounding chord names.
- * Strum chords with a pick, not your thumb.
